

CREATING LEGACIES:

*"Growth
is never by chance;
it is the result of forces
working
together."*

~ROBERT LOUIS STEVENSON

Growth is never by chance... In 2018, the Montgomery County Community Foundation established a long-range strategic plan, fundraised to grow our endowment and foundation operations, and provided grants and scholarships from our Endowment Funds and Long Term Disaster Recovery Fund. This year was just a peek into MCCF's future.

Growth starts with a plan. Over several meetings the board crafted a strategic plan to grow our donor base to better serve the needs of Montgomery County's nonprofit organizations. Our three major goals are: create field of interest funds, build funds, and build the board. The six new Field of Interest Funds created are:

- Arts & Culture • Disadvantaged People & Vulnerable People of Montgomery County • Environment Preservation & Sustainability • Health & Wellness • Veterans • Youth & Children

These added to our established Field of Interest Funds:

- Fostering Hope for Abused and Neglected Children • Long Term Disaster Recovery • Montgomery County Adult Literacy

These funds allow donors to give any amount to their specific passion or interest. Field of Interest Funds will also provide our distribution committee with more flexibility to meet the wide-ranging funding needs in our county. In 2018 we received \$16,000 in gifts to these funds.

Board member Brent Wunderlich chaired the task force that created a plan to grow our endowment, our second goal. During 2019, we will expand gifting by donors by enhancing the visibility of the Foundation with a new website and installing a donor management system. In 2018, 133 donors gifted \$394,763 to create 6 new endowed funds and expand current funds.

Our inaugural Long Term Disaster Recovery Fund, has raised \$266,000. Through April, 2019, we have funded \$78,120 to 15 households containing 55 residents who used the grants for Hurricane Harvey related repairs including interior construction, foundation repairs, septic systems, and home appliances. Shannon Kidd, our former executive director, has volunteered her time to analyze grant requests and make recommendations for funding.

The MCCF Annual report gives you a great snapshot of MCCF's key successes in 2018 but here are the highlights:

- At December 31, 2018 our endowment corpus was valued at \$7,476,455.
- We have continued our policy of not charging an administrative fee to our endowed funds, creating more funds for community grants.
- Thanks to board members Nancy Fairfield, who chaired our 2018 Wine Dinner, and Cody Bartlett and Greg Hope, who chaired our August Clay Shoot Out, committees of volunteers, and the generosity of our community, we raised a net of \$163,000 to cover our administrative budget.
- Our distribution committee, chaired by Randy Reid, had the difficult task of analyzing a record 58 grant requests totaling \$633,000 and recommending \$180,200 in grants to 42 local nonprofits organizations. Nine organizations received funds from their own endowment funds.
- We awarded \$13,400 in scholarships to 10 Montgomery County students.
- Our total giving for 2018 totaled a record \$193,300 representing an 11% increase over our 2017 grant total.

Growth is never by chance. And it starts with you. Gifting to the Montgomery County Community Foundation is easy with checks, credit cards, and appreciated stock. If you are over 70 ½, you might be able to make a tax-free gift out of your required minimum distribution from your IRA. Please consult your tax advisor to determine your best gifting options.

We thank our donors who contributed to our new Field of Interest Funds, created a new endowed fund, or added to their endowed fund. These gifts create legacies which change lives of Montgomery County's residents through Montgomery County Community Foundation. If you are considering a gift to our Foundation, we look forward to discussing the Foundation with you.

The **Jason and Marti Mann Family Fund** provides flexible resources needed to support innovative responses to address the community's most pressing needs.

MCCF Long Term Disaster Recovery Fund Hurricane Harvey is a distant memory for most of Montgomery County's residents. As each hurricane season approaches, Montgomery County watches for the next big storm – even while residents still struggle to recover from the last one. The fact is that it takes at least 3 to 5 years for people to recover. After launching the Long Term Disaster Recovery Fund in 2017 after Hurricane Harvey, the MCCF board began funding projects needed by Montgomery County low income, disabled, or elderly residents to finish the recovery they had begun after Harvey. MCCF works through the Disaster Case Managers serving Montgomery County to identify the survivors who have projects not covered by any other organization or who have received all the help they can from federal, state and other local resources. Grants of up to \$10,000 are given for home repairs, septic systems, home leveling, demolishing severely damaged structures, and appliances. This is unique work for a community foundation and MCCF has shared our policies, procedures, forms and knowledge with other community foundations who have decided to help the residents of their community directly.

YOU *can create a legacy*

You can be a philanthropic force working together with Montgomery County Community Foundation!

— CREATE A LEGACY —

MCCF makes your legacy dreams come true by creating and managing legacy gifts that support the work of non-profits in and serving the residents of Montgomery County now and into the future. The MCCF Board of Directors and separate Distribution Committee ensure a high level of stewardship and impact of the funds entrusted to MCCF.

- Montgomery County Community Foundation supports a wide range of philanthropic objectives – the arts, health, social services, education, public safety, civic and cultural activities and the environment.
- Scholarship funds can be established for Montgomery County residents attending educational institutions.
- Through conservative investing and prudent stewardship, MCCF provides individuals with a cost-effective avenue to establish a philanthropic plan.
- A fund can be created with a minimum of \$15,000 over a five-year period. Each fund may be named in honor of or in memory of someone, and/or dedicated to a specific purpose or non-profit in Montgomery County.
- Endowments can be established through a will.
- In addition, a non-profit can also establish an endowment to be administered by MCCF.
- Only the earnings from the endowment are used to fund grants and scholarships. Administrative costs are underwritten by two annual fund-raising events.

Making plans about your future charitable contributions?

Want to leave a legacy that will build our future?

Consider writing MCCF into your will, trust or insurance policy as a way to make a lasting gift to our wonderful community.
